

Agency: Commerce, Community and Economic Development**Grants to Municipalities (AS 37.05.315)****Grant Recipient: Tenakee Springs****Project Title:**

Tenakee Springs - Removal and Replacement of Community Hall Heating Oil Tank

State Funding Requested: \$ 5,000**House District: 5 - C**

One-Time Need

Brief Project Description:

Removal of existing underground heating oil tank located at the Tenakee Community Hall and replace with a new 500 gallon above ground heating oil tank.

Funding Plan:**Total Cost of Project: \$5,000**Funding SecuredOther Pending RequestsAnticipated Future Need*Amount FY**Amount FY**Amount FY*

There is no other funding needed

Detailed Project Description and Justification:

The existing tank has reached the end of its useful life. The tank was installed during the building construction in 1987. Due to its age, it should now be replaced with a new above ground tank, including secondary containment. Local labor and equipment will be used to dig up the old tank, prepare a solid base and install the new tank. Upon approval, the new tank and fittings will be ordered for delivery as quickly as possible.

The project is fully supported by the Tenakee Springs City Council.

Project Timeline:

3 days to complete project upon arrival of new tank.

Entity Responsible for the Ongoing Operation and Maintenance of this Project:

City of Tenakee Springs.

Grant Recipient Contact Information:

Contact Name: Don Pegues, Mayor

Phone Number: 907-736-2207

Address: P.O. Box 52, Tenakee Springs, Ak 99841

Email: not available

Has this project been through a public review process at the local level and is it a community priority? ☒ Yes ☐ No

CITY OF TENAKEE SPRINGS

Capital Improvement Project - \$5000.00

Title: Removal of existing underground heating oil tank located at the Tenakee Community Hall and replacing same with a new 500 gallon above ground tank.

Justification: The existing tank has reached the end of its useful life. The tank was installed during the building construction in 1987. Due to age it should now be replaced with a new above ground tank, including secondary containment.

Support: The project is fully supported by the Tenakee Springs City Council.

Funding: The City does not have the funds to accomplish this project. Matching funds would not be required.

Additional State Support: N/A
